

A Bond with Excellence.

## ORIGINAL TO THE CORE

All-Clad cookware is available in five complete collections, each with its own distinctive combination of exterior metal finishes.

Lids are designed to lock in heat and flavors.

18/10 stainless steel interior cooking surfaces won't react with food and will clean effortlessly.

Ergonomically-designed handles provide balance and control while staying cool for optimum convenience.

Handles are securely attached with stainless steel rivets.

Every piece of All-Clad cookware is manufactured with a revolutionary metal bonding process. A pure core of aluminum or copper, not only on the bottom but all the way up the sides, provides even heat distribution and professional results.

18/10 Stainless Interior

## LTD<sup>®</sup>

All-Clad LTD cookware is constructed with a black hardcoat, anodized exterior that will not scratch, chip, or peel. The interior cooking surface is 18/10 stainless that cleans easily and will not react with food. These two layers are bonded with a third layer of pure aluminum for maximum heat conductivity. LTD handles, rivets, and lids are all made of gleaming stainless steel, which contrasts stylishly with the dramatic exterior of each piece in the collection. Select pieces in the LTD Collection are available in nonstick.

## NONSTICK

All-Clad Nonstick cookware was developed to give the finest culinary results with the easiest cleaning. The unique cooking surface can be used with almost no oil or fat and will not chip or peel. This nonstick coating is applied to cookware constructed with All-Clad's bonding process for maximum and even heating as well as fast clean-up. All-Clad Nonstick has handles and rivets made from 18/10 stainless steel and is available on selected pieces in the Stainless, LTD and MC<sup>3</sup> Collections.

## WARRANTY

From date of purchase, All-Clad guarantees to repair or replace any item found defective in material, construction or workmanship under normal use and following care instructions. This excludes damage from misuse or abuse. Minor imperfections and slight color variations are normal.
